**Your Action Needed**

Documentation must be received by  
May 15, 2021

**TIME SENSITIVE MATERIALS ENCLOSED**

The UAW Retiree Medical Benefits Trust (the "Trust") is legally obligated to use its assets to provide health care coverage only for the benefit of eligible UAW retirees and their families.

In order to validate all dependents, including spouses, are eligible for coverage, periodic audits are performed to confirm the Trust's Dependent Eligibility Rules are being met. This ensures that Trust funds are being used correctly and that the Trust is not paying benefits to people who are not entitled to them.

We are working with a company called Dependent Verification Services (DVS) to assist us in this process and are requesting your help to confirm any dependent listed below is eligible for Trust coverage. In order to do this, we need you to send in copies of the required documents for each dependent by **May 15, 2021**. Please note that any documents provided cannot be returned.

Your dependent may lose coverage if we do not receive your documentation by the deadline. In addition, documentation that is not sufficient to show your dependent's eligibility may also result in loss of coverage for your dependent.

Here are the dependent(s) that need to be verified:

Name	Status	Due Date
John Test	Not verified	May 15, 2021

Hello all,

As the URMBS has undertaken this Dependent Verification Audit, a number of issues surrounding the retiree's submission of verification on what is required has come up. Below is a list from the Trust of alternate verification documents:

- Mortgage statement
- Bank statement (bank account verification letter showing active status)
- Active lease agreement
- Homeowners Insurance
- Renters Insurance
- Credit card statement (includes: dept. stores; and care credit)
- Property tax
- Current year state tax return listing spouse/partner
- Current year mortgage interest/mortgage insurance
- Warranty deed
- Auto loans
- Current year federal tax return listing the spouse/dependent as a dependent
